

SERVICES: FACILITATION & DELIVERY

2019

CHY

CHY pre-plans, implements and measures social value strategy for all manner of different projects. We work with companies from planning and tender submissions, throughout development and into operation, and help them make a tangible positive difference to communities.

All our services are bespoke to our clients' needs.

FACILITATION & DELIVERY

CHY coordinates the delivery of social value activity in the private and public sectors; including the evidencing, monitoring and reporting of all social value KPIs and outcomes. We provide a single point of contact for your teams, your client, your community stakeholders and your supply chain.

DELIVER SUCCESSFULLY

Now you have developed your Social Value delivery plan in line with your stakeholders requirements and established the outputs you want to achieve you may be left wondering how you are going to achieve them.

For many this is the area where well laid plans go awry, confusion can occur, boxes are merely ticked and at worst, social value activity ends. CHY can assist from afar or deliver hands on, but with the most appropriate guidance for your business and operational teams, your social value plans can be delivered to create the tangible positive difference to the community you have committed to.

We understand that your staff already have a wide range of duties to carry out, but by utilising the experience that CHY has; from strategic delivery to on site coordination, we can educate and inform to ensure that social value delivery is embedded into the daily functions with minimal disruption and ease. If you feel that this is an area that we could help you and your business with, please contact us for an informal chat.

SPEAK TO US

If you want to work together, ask a question or you have any other feedback, let us know.

CHY works nationally, with clients across the UK.

11 Melbourne St, Hebden Bridge, West Yorkshire, HX7 6AS.
